

ALI BARZJNI

Sulaymaniyah, KRG, IQ | +964 776 4801107 | biz@alibarznji.dev | alibarznji.dev

WORK EXPERIENCE

Software Engineer

Learnio AS

March 2023 - Present

Remote (Norway)

- Lead and manage multiple cross-functional projects simultaneously, ensuring timely delivery and high-quality outcomes
- Oversee both frontend and backend development processes, collaborating closely with designers, developers, and stakeholders
- Apply deep expertise in frontend technologies, including React.js, Vue.js, JavaScript, HTML, and CSS, to build intuitive and responsive user interfaces
- Work with backend technologies such as Node.js, Golang (Go), REST APIs, and microservices to build scalable and efficient server-side systems
- Ensure best practices in code quality, version control (Git), and continuous integration across the full development lifecycle
- Given high honor for finishing the most tasks efficiently throughout the whole year of 2025 among all the engineers

Software Engineer

Dev Centre House

June 2021 - March 2023

Remote (Ireland)

- Developed and maintained the backend of the SEEYOU chat platform, utilizing RabbitMQ, Redis, and scalable messaging architecture
- Built a Slack and Telegram integration demo, enabling real-time messaging via the SEEYOU app
- Led the development of a backend proxy server for Smart Pricer, improving data handling and API performance
- Recognized twice as Employee of the Month for exceptional technical contributions and leadership
- Selected for the elite internal "Navy SEAL" team at DCH—an honor reserved for top-performing developers known for reliability, innovation, and work ethic
- Played a key role in real-time communication integration, working with Node.js, message queues, and third-party APIs to ensure seamless cross-platform messaging

EDUCATION

Diploma in Information Technology

Computer Science Institute

Nov 2018 - March 2020

Sulaymaniyah, KRG, IQ | GPA: 3.7

SKILLS

Technical Skills: JavaScript, TypeScript, Node, Bun, Express, NestJs, React, React Native, Vue, Tauri, AWS Lambda, Test Driven Development, MongoDB, SQL, REST API Development, Go, Postgres, DynamoDB

PROJECTS

Inzpiri

Online Education Platform for Teachers and Students.

<https://inzpiri.com>

Tech Stack: Go, Vue, TailwindCSS, AWS, Git, Figma, MongoDB, Docker, Redis, TypeScript, Vite, Github

AI Video Detector (in progress)

github.com/Ali559/ai-detector

A Browser extension to detect videos made with AI

Tech Stack: Python, Vue, Fastify, Node, Redis, Postgres, FastAPI, TypeScript, JavaScript, SQL

Wizrx

<https://masterwizr.com>

Collaboration tool designed to empower businesses by streamlining communication and strengthening internal connections.

Tech Stack: React, JavaScript, TypeScript, NestJs, MongoDB, Redis, AWS, Socket.io, PostCSS

Smart Pricer

<https://www.smart-pricer.com>

Ticketing and Price Analytics as well as Dynamic Pricing based on Data Science for Ski Resorts, Sports, Cinema and Entertainment.

Tech Stack: Node, Express, TypeScript, MongoDB, Proxy, Redis, Swagger

SEEYOU

<https://www.seeyou.eu>

A Modern All in one Communication Platform for Teams and Individuals.

Tech Stack: Node, Express, TypeScript, Proxy, Redis, SQL, Swagger, WebSockets

Strongly typed Env

npmjs.com/package/strongly-typed-env

A powerful, type-safe environment configuration library for Node.js applications that automatically generates TypeScript types from your environment files.

Tech Stack: Node, CI/CD, Semver, TypeScript, NPM

CDN Checker

VS Code Marketplace

A Visual Studio Code extension that helps you identify broken, redirecting, or oversized external links in your project files.

Tech Stack: Node, TypeScript, VCE

AWARDS

Critical Thinking and Creative Problem Solving - Global Solutions (Nov 2019)

Demonstrated ability to identify issues and evaluate options to reach solutions. Endorsed by the Global Solutions virtual exchange program, implemented by IREX and supported by the Stevens Initiative.

Adaptability - Global Solutions (Nov 2019)

Demonstrated ability to recognize and adjust to changes in people, places, and circumstances. Endorsed by the Global Solutions virtual exchange program.

Virtual Collaboration - Global Solutions (Nov 2019)

Demonstrated ability to work effectively and respectfully with others, including coordination, collaborative decision making, and communication within teams. Endorsed by the Global Solutions virtual exchange program.
